

Healthy Baby Bag
Breastfeeding Support

2011 Catalog

cottonwood[®]
Healthy Choices, Healthy Babies **kids**

over 600,000 mothers served since 2009

Cottonwood Kids would like to send out a clear message to our clients and those organizations that are searching for ways to support their message of breastfeeding with their patients.

Cottonwood Kids was created solely to assist in elevating breastfeeding in the eyes of families across the country. More mothers choosing to breastfeed results in healthier babies, healthier mothers, and ultimately helps to lower healthcare costs.

Our goal is to assist health care professionals by providing one of the tools that can help to create higher breastfeeding initiation rates at discharge. This will ultimately lead to mothers breastfeeding their children for 6 months to 1 year as recommended by the CDC.

We polled hundreds of Lactation Consultants across the county and as a result have designed a cost effective WHO code compliant breastfeeding support program.

The product is a small cooler bag called the Healthy Baby Bag. The Healthy Baby Bag is a useful product designed to store expressed breast milk. Packaged inside the bag are the essential breastfeeding product samples and support information that the Lactation Consultants felt were important for their patients.

In addition, we have created a full line of affordable custom imprinted products that healthcare professionals can use to support their organizations brand within their community and create a bond with their patients that can last a lifetime.

We launched this program in July of 2009 with no idea how it was going to go. 19 months later we have shipped 600,000 of these products to 500 healthcare facilities in all 50 states!

We appreciate your interest and support in getting the word out about our program and ask those of you who are just learning about Cottonwood Kids to call us to discuss how this program can help your organization in your effort to promote breastfeeding.

Best Regards,

Erik Maurer
Cottonwood Kids

Increase your breastfeeding rates & promote your hospital

Combine the following to make an exciting breastfeeding support program without changing your existing budget!

Did You Know?

Distributing free infant formula contradicts American Medical Association (AMA) policy, yet 88% of facilities do it anyway.

Mothers who receive free formula discharge bags are 39% more likely to supplement within 10 weeks.

The US Department of Health and Human Services (DHHS) has adopted a national policy to increase breastfeeding protection, promotion and support.

Other organizations such as The Center for Disease Control (CDC), The American Academy of Pediatrics (AAP), and The World Health Organization (WHO) all recommend that hospitals discontinue the use of free formula discharge bags.

In an effort to increase breastfeeding rates nationwide, Cottonwood Kids has designed a cost effective program that will assist healthcare facilities in supporting their message of breastfeeding while increasing their presence in their communities.

The **Healthy Baby Bag** is a WHO Code compliant breastfeeding support kit that is designed to assist healthcare professionals in promoting the benefits of breastfeeding with their patients.

In addition, we have designed a full selection of **custom imprinted diaper bags** to match various styles and budgets.

All of our custom imprinted bags include the Healthy Baby Bag for no additional cost.

 Questions please call 1-877-433-1326

What's in the Healthy Baby Bag?

The Healthy Baby Bag contains breastfeeding product samples that mothers can try before they leave the hospital where lactation consultants and nurses can assist them.

Packaged inside each Healthy Baby Bag are samples, coupons and helpful information about breastfeeding from some of the world's leading consumer product manufacturers. Each bag contains key breastfeeding products such as nursing pads and milk storage bags. While we strive to have other valuable samples and coupons included in the bag, the actual contents of the bag depend on those manufacturers who choose to participate.

While the actual contents of the bag may vary from time to time, the contents of the bag will never include formula, bottles, pacifiers or nipple substitutes of any kind or in any form.

General Artwork Guidelines

The proper artwork will allow Cottonwood Kids to quickly and efficiently provide you with the best reproduction of your hospital logo. To best handle your order we request that you provide us camera-ready artwork of your logo (we strongly prefer an Illustrator EPS File). If you do not have the proper artwork, please provide us with what you have and our artists will be happy to recreate your artwork into the form we need to produce your order.

What is an EPS File?

EPS stands for Encapsulated Postscript File. This is a vector based, computer graphics file format developed by Adobe Systems. EPS is the preferred format for many computer illustrations because of its efficient use of memory and fine color control.

Where do I send my artwork?

Please send your artwork to art@cottonwood-kids.com

Please reference in the subject line your Hospital name and order number.

Questions?

Please call our toll free #1-877-433-1326 or email your questions to

sales@cottonwood-kids.com

order Details:

To initiate your order, please fill out and fax the completed order form to (603) 433-6562. The order form must include contact information for the person in charge of this promotion at your facility. Please contact us at 1-877-433-1326 if you have any questions.

Artwork:

If you cannot provide usable artwork we will be happy to recreate your logo for you. Our artist fees are \$100 per hour and are charged in 15 minute increments. We will provide you with a written quotation for artwork for your approval prior to creating your artwork.

Proofs:

We provide a 2 proof process to ensure that your order is printed accurately. 1. Paper-Proof. 2. A digital photograph of your physical proof. If requested we will provide you with the actual physical proof for final approval. We will not process your order until the pre-production paper proof and digital physical proof are approved (signed and dated). Delays in approvals can delay shipment dates.

Shipment:

Healthy Baby Bags are shipped quarterly unless otherwise specified. All customer bags will be delivered 90-120 days after receipt of order, deposit and proof approval.

Payment Terms:

50% deposit with balance due net 30

Fulfillment Programs:

We offer fulfillment of custom bag orders where we store your annual quantity and ship to you monthly based on your hospital's birth rate. We charge a flat fee for storage of \$450 per 1,000 bags, and shipping to your hospital is not included.

Cancellations:

Cancellations will be accepted only if merchandise has not been decorated. Cancellations must be made in writing and received via fax at (603) 433-6562.

Please fax order form to 603-433-6562
