Dear Susan,

Thank you for your participation in the National Association for the Advancement of Colored People (NAACP) 65<sup>th</sup> Annual Florida State Conference -Health Summit in Fort Walton Beach on October 2, 2008. The Florida Department of Health thanks you for representing the Florida Breastfeeding Coalition and the Florida Lactation Consultant Association as contributors to the Health Summit.

The NAACP is one of the largest and oldest civil rights organizations committed to social justice in America. The organization has national health goals in the following health areas: access to care, HIV/AIDS, obesity and related illness, mental health and respiratory diseases related to tobacco use.

Your participation in the Summit allowed the NAACP to obtain and share information regarding health diseases that have the highest incidence rates and greatest disparity gaps in the State of Florida. It was my pleasure and honor to work with you.

Sincerely,
